NEW YORK JOURNAL AND ADVERTISER.

AN AMERICAN PAPER FOR THE AMERICAN PEOPLE.

No Here.

litor of the New York Journal:
I have admired the independent stand you have taken editorially in the TALKS WITH JOURNAL READERS. matter of the Boer war. But I cannot understand how a paper that comorehends the justice of the British position as clearly as you have shown "It" or "They." Censorship Miss Olive Schreiner, whom you called "The Voice of South Africa." You Editor of Use New York Journal: allowed Miss Schreiner to say that the war was not an attempt to secure In Mr. He nry Corey's criticism of the New York justice for British subjects in the Transvaal, but "an endeavor on the part Journal for referring to the United States as "h."

the Transvaal gold fields," How can you reconcile such statements with your editorial opinions?

How can you reconcile such statements with your editorial opinions?

ANGLO-AMERICAN.

The Journal does not want to reconcile Miss Schreiner's statements with its editorial opinions. It is quite satisfied to let them stand on Miss Schreiner's authority. It does not set up as a censor of opinions. The fact that one view of any subject is advocated to the first pression "The United States is," on the ground of over Europe and has seen municipal tramburs. Contrast with this picture a Monday in an Edinatic of usage.

Ways, lighting plants, telephones, pawn-burgh wash house. The basket or the peramburs completed in a few hours.

Does it pay? Not in \$ and c., but in every can burgh wash house. The rea on is that when the Constitution was not set up as a censor of opinions. The fact that one view of any subject is advocated. not set up as a censor of opinions. The fact that one view of any subject is advocated framed by the thirteen independent States a four- he learns that at least four-teen cities maintain if needs be closely following, the mother starts for the laundries seldom pay all expenses, including the wash house.

The row on is that when the Constitution was quarter. In Ragiand, the home of individualization, in the celtorial columns affords no prosumption that other views will be excited from the earns that at least further celtorial that the start of the parter-carbon, and the celtorial columns affords no prosumption that other views will be excited by the Content of the parter-carbon, and the celtorial columns affords no prosumption that other views will be excited by the Content of the parter-carbon, and the celtorial columns affords no prosumption that other views will be excited by the Content of the parter-carbon, and the celtorial of the parter carbon, and the celtorial properties of the parter carbon, and the celtorial properties of the parter carbon, and that there is a form which is attracting more of the world's attenting than any three that is an order to extend the parter carbon, and that there is a standing in the way of the advance of excitation, and that their ultimate defeats is not only inevitable, but desirable, both for themselves and for humanity in gental problems. The course of the carbon, and the sincerty of their carbon, and the
